

Exploratown

Post Office

Sort the mail, follow the museum map, and deliver the mail to the corresponding places.

Safety Place

Where's the Fire! Turn left here, at the next light go right, now stop, hurry grab the hose and put the fire out.

Tell the fire dog he did a good job.

Lickety Split Soda Shop

Have a seat and special order a Sundae. Let your child create the treat and serve it. Discuss your favorite flavors, favorite toppings, and favorite places to eat real ice cream.

My House

Have your child roll play your day. Set the table and prepare a meal. Do a load of laundry, change the baby's diaper and do some light house cleaning.

Shop-a Lot-Market

Gather foods from each of the 5 food groups. Count the green vegetables, the red etc. What will you need to buy in order to make dinner?

Wreck Resort

Fill 'er up! Check the oil and wash the wind shield. Which tools do you need to tighten the bolts on the tires?

Pet Clinic

Check in your pet and have their chip scanned. Bath and brush your pet. Have the vet check the chart and look over the animal. Observe and discuss ways to keep your pet healthy.

Invention Center

Strategically place the tiles on the gravity wall to make the ball roll all the way down. Identify the tools and use at least 3 to create a new invention.

Paleontology

Excavate to uncover the dinosaur bones. Read about your favorite dinosaur. Use your imagination to make up a story with the dino replicas. Trace a dinosaur on the light boxes or use crayons with the rubbing plates.

Up, UP, & Away

Make a foam airplane, experiment with wing placement and send it up the creative flight machine.

Build up the pipes on the air fountain and watch the balls float in mid-air.

Send scarves, balls and pom poms through the air tubes. Change the air flow and try to guess where the objects will come out.

Predict which item will travel the fastest.

Enter the flight simulator, choose a destination, plane type, view and climate then fly through the air.

Illumination

Create a design on the light wall. Play tic tac toe on the wall or write your name. Build a tall structure on the light table. Observe and discuss the animal x-rays. Blend primary colors to make secondary colors. Make a pattern using the lego blocks.

Make a pyramid with the magnetic blocks.

S.T.E.A.M. Lab

Help your child recreate their favorite room or activity from the day. Keep it to remember your visit.

Make something original to hang on the refrigerator.

Imagination Playground

Build a tall structure. Try using the gears and hinges to make movable walls. Work with a partner to create several buildings.
